I am a front-end developer, graduate of Web Development and E-commerce and Industrial Design. I have 8+ years commercial experience working with clients in North and South America, providing responsive frontend development and CMS integrations. I develop using transition and animations that suit frontend needs, using the most sophisticated technologies available today for fully interactive and responsive websites and apps.

SUMMARY OF SKILLS

- Production of HTML, CSS and JavaScript for websites and applications
- Create wireframes, storyboards, user flows and sitemaps to effectively communicate interaction and design ideas
- Eight years experience as frontend developer and nine years experience as industrial designer
- Applications and websites development cross-browser and cross-platform compatibility
- Implementation of new technologies, languages and tools that allows process optimization and teamwork (i.e SASS/LESS compilers, runtime environments, content managements systems, source control).
- Optimization competences for web Photoshop and Illustrator
- Ability to improve processes within a flexible work style.
- Familiarity with CAD software and industrial process

PROFESSIONAL EXPERIENCE

SOFTWARE DEVELOPER
(Ilusoft Inc.)   August 2015 - Current

- Develop and send newsletters.
- Participate in the creation of dynamic Elements flash (ActionScript 2.0).
- Create templates for CMS (Joomla)

Technical Environment: Microsoft Windows, Joomla!, ActionScript, HTML, CSS3, Photoshop

EDUCATION

- ACS Websites Development and E-commerce, 2012.
  Collège de Maisonneuve, Montréal.
- Professional Technology in Machine Design, 2003.
  Equivalence MICC : Diplôme d'études collégiales en Techniques de génie mécanique
- Diploma of College Studies, 1994
  Training area: Mechanical Manufacturing - Industrial Design
  Équivalence MICC : Diplôme d'études professionnelles en Dessin Industriel

SUMMARY OF ACHIEVEMENTS AND OTHER PROFESSIONAL EXPERIENCES

All the websites, apps and special projects are available online Portfolio www.riano.ca

- London Ltda: CAD drafter. (1998)
- Challenger S.A.: CAD drafter. (2000)
- Artenixcol Ltda: Marble Products designer. (2001)
- Damecos Ltda: Plastic products and tools designer. (2007)

ADDITIONAL AD-HOC COURSES

- Programming with MySQL Level I and II (Concordia University), 2013
- Javascript Workshop (Collège de Maisonneuve), 2012
- Course in Actionscript 2.0, 2009
- Course in Content Management Systems (Joomla!), 2008
- Course in language PHP, 2008
- Course in Adobe CS3 Web Premium Suite, 2008
- Course in website development, 2006
